He was removed in an ambulance. He cannot possibly play again this season. Attendance, 1,800.

The two successive shut-outs, which gave the series to Brooklyn by 8 to 6, have made the Brooklyn public confident that the pennant is theirs. Attendance, 2,600.

THREE COURSES.

PRETORIA, Sept. 9.—The Transvaal to-day presents an official statement from F. W. Holtz, Secretary of State for the South African Republic, in which Mr. Holtz says:

"The government considers that three courses are proposed by the commissioners of the Joint Commission, the British Secretary of State for the Colonies, the first is a joint commission of inquiry; the second is a commission of delegates from both governments to discuss the technicalities and the third is a conference at Cape Town."

Sovereign Holtz adds that the Transvaal government now agrees to the second proposition and invites Great Britain to define the constitution of the commission suggested and the place of meeting.

EAGER TO FIGHT.

VANCOUVER, B. C., Sept. 9.—According to the statements of the officers of the steamer *Watkinson*, which has arrived here to fight for England in the Transvaal.

The government of New South Wales informed the Colonial Office that eighteen of the commissioned officers and men of the defensive force of New South Wales had volunteered their services if wanted for South Africa.

The following telegram in reply was received from Mr. Chamberlain: "Her Majesty's government highly appreciates the loyal and patriotic spirit shown by those who have offered their services. The proposal has been placed on record at the War Office. Full consideration will be given to the offer should necessary arise for the reinforcement of the troops now in South Africa."

LAST DISPATCH AN ACCEPTANCE.

PRETORIA, September 9.—In the course of an interview to-day State Attorney Smuts said that the Transvaal had withdrawn its offer of a five years' franchise; the condition thereto attached—namely, the relinquishment of suzerainty—also falls to the ground. He understands that the Transvaal will dispatch as an acceptance of the proposal for a joint committee of inquiry.

In the stretch, O'Connor turned Mesmerist loose and he went to the front so easily and maintained his lead so well that there was nothing else in the race at the end. Marber held second place to the last furlong, when Redpath and Gudens passed him, and they finished in that order.
